

The Right Honourable Stephen Harper
Prime Minister of Canada
Office of the Prime Minister
80 Wellington Street
Ottawa, ON
Canada
K1A 0A2

Right Honourable Prime Minister Stephen Harper,

This letter is in regards to a problem that I am sure you are aware of, that being the leaky Condo Crisis that is troubling many people in the coastal region of BC. It is very troubling that an epidemic of such proportions has been allowed to happen for close to 20 years and these families are left with very little recourse. Every option available to them is fraught with the threat of legal action by a number of different parties. It's no way for a citizen of this wonderful country to live.

This entire problem could have been avoided if the people in charge of updating building codes were doing their job. Leaky condos (and houses!) were still being built when the problem was already well known. The problem has only been addressed in the updated codes of 2006 which is more than a little late.

There are hundreds of honest, hardworking, and taxpaying citizens of this country who's financial, emotional and physical lives have been forever damaged through no fault of their own. I want you to **stand up** and provide some compensation to these families with with the same swiftness it was provided to the unfortunate people of the Ahousaht First Nations reserve.

Sincerely,

cc: Monte Solberg
